Thanks Rita,

Rod Thomas has already taken care of posting with News North. It is always a shock to see how much it costs to post with New North, so he let me know about it.

John

Hi John,

The changes aren't a problem, and I've attached the corrected versions of the notice here. However, please note that instructions were sent with regards to posting this notice in News North. I'll attach a copy of those instructions here. I had sent them to Erik Goldsilver. It doesn't matter who posts them, but they need to be posted before the assignment can be finalized. Please confer with Erik Goldsilver to see if the notices have already been posted.

As well, the distribution list had already received the previous notices, but this shouldn't be a problem, as they already have access to all the information and won't likely be calling or contacting the contact person.

Regards,

Rita

His only comment was that he had listed that the contact for "Copies of all application documents, may be obtained by affected parties, free of charge by contacting".. myself instead of Eric Goldsilver So it should read:
