Subject: Licence No. 2BE-GEO1520 – Submission of 2013 and 2014 Annual Reports for the George Lake Property of the Back River Project

Dear Mr. Laitin:

The Nunavut Water Board (NWB or Board) has completed its review of the 2013 and 2014 Annual Reports (Reports) submitted by Sabina Gold and Silver Corp. on April 1, 2014 and April 9, 2015, respectively, to satisfy appropriate requirements included in the licence issued to the George Lake Property of the Back River Project, which is located approximately 50 kilometres south of Bathurst Inlet, in the Kitikmeot Region, Nunavut.

The review determined that the Reports are generally complete and consistent with the reporting requirements under Part B, Item 2 in Licence No. 2BE-GEO1520 or relevant iterations of the Licence. The Board notes that there were no water use and waste deposit activities during the 2014 field season as indicated in the Annual Report for that period.

Copies of the Reports as well as all non-confidential information pertaining to the Licence can be accessed through the NWB's public registry and File Transfer Protocol (FTP) site using the following link:
