Dear Mr. De Pizzo:

Re: Assignment of Water License number NWB1GOO0104

As required in section 10(1) of the Northern Inland Water Act, Miramar is submitting a signed assignment for the above named license, from Kinross Gold Corporation.

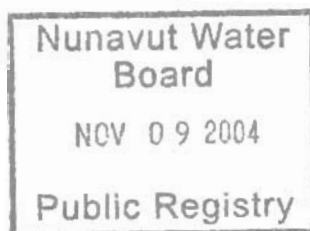

Included is an assignment application for the remainder of this water license and the \$30.00 assignment fee. Maps of the area include: Figure 1 showing the camp location and NTS maps 76G/09, 76G/10 on 1:50,000 and 76G on scale 250,000 showing the exploration area.

Miramar had intended to apply for a renewal of the existing water license, but in discussion with David Hohnstein he pointed out that Miramar could not apply for a renewal until the assignment from Kinross Gold Corporation processed. The application to renew will be submitted 5 days after the assignment, in order that the renewal process can start as soon as the assignment has been processed.

If you have any questions or concerns regarding this assignment, please telephone Vivienne McLennan at 604-985-2572 or e-mail at vmclennan@miramarmining.com.

Yours truly,

per: John Wakeford
