Good Afternoon Richard: It was a pleasure to speak with you today by phone. As I mentioned to you, Dundee has basically laid off all of our Back River project personnel team, so I want to offer my apologies to you for not addressing this requirement earlier. I want to assure you and as we agreed in our phone conversation, that I will submit both the George Lake and Goose Lake Spill plan addendums by June 11 (the due date for the Goose Lake Spill Plan addendum). Thank you for reviewing the outstanding changes and requirements for the finalization of the Spill plans for both project sites.

I am able to address all of the items which we discussed and to essentially bring the Spill Plans from their current "Draft" status to final.

Should you have any concerns with this course of action, please feel free to contact me by phone or email.

Best Regards,

Doug Cater

Subject: 2BE-GEO0210 George Lake Project Dundee Precious Metals Inc. Spill Plan Addendum

Good morning Doug;

Please regard this as a reminder to submit spill plan addendum as per approved water licence amendment 2BE-GEO0210.

Regards,

Richard Dwyer
