Hi folks;

Just got off the phone with Phyllis and requested that the Water Board keep our file warm and put it on hold for the time being until we have an opportunity to speak with the community exclusively about the Grail Project.

Andrea

Good afternoon ladies – what is the status of this application? Has Indicator Minerals decided to keep the file open, or withdraw it? Is there any new information you can provide if the application is to go forward?

Best regards,

Phyllis Beaulieu
