**Subject: Review of Addendum to Spill Contingency Plan, Required Under Licence No. 2BE-GRE1012: Aura Silver Resources Inc., “Greyhound Project”**

---

Dear Mr. Pitman:

The Nunavut Water Board (“NWB”) received on July 1, 2010, an addendum to the Spill Contingency Plan for the above-referenced project as required under Part H, Item 2 of the terms and conditions of the above-referenced licence.

A technical review of the document determined that it is generally consistent with the conditions in the licence. Future revisions to the Spill Contingency Plan, however, should address the following items:

1. Remove the pager number for Environment Canada from the contact list. It is no longer in use.
2. Include the contact numbers for the following persons or organizations: INAC’s Manager of Field Operations (867-975-4295); DFO; 24 Hr Spill Line (867-920-8130) and Kivalliq Inuit Association (KIA).

Should you have any questions regarding the above, please do not hesitate to contact the undersigned at (867) 360-6338 ext.25 or email [Sean.joseph@nunavutwaterboard.org](mailto:Sean.joseph@nunavutwaterboard.org).

Yours truly,
