Re: Sabina Company name change

Dear Phyllis Beaulieu:

I am pleased to advise you that effective today Sabina Silver Corporation has changed its name to Sabina Gold & Silver Corp. The corporate structure, offices and contacts remain unchanged.

We realize that this change will affect issued permits and applications and we would ask that this amendment to the company name be included with the following recent applications:

- To renew and amend water licence 2BE-HAK0709 (submitted to NWB Sept 16, 2009)
- For land use for a winter road between Hackett River camp and George Lake camp and request to extend land use permit N2004F0006 and KTL304F04 connecting George Lake camp and Goose Lake camp (submitted to KIA and INAC Oct 17, 2009).

Over the next 4 to 6 weeks, we will be submitting requests to extend and renew other land use and water licences for our projects in the Kitikmeot Region. Our intent is to request this amendment to the company name at the same time.

If you have any questions regarding this name change please call me at (604) 998-4183.

Yours truly,

Peter Manojlovic
Chief Geologist
