Re: 2BE-HAK0915 Request for Open Burning - Kitikmeot Region

Dear Ms. Beaulieu:

The Kitikmeot Inuit Association (KIA) has reviewed the open burning request submitted by Xtrata Zinc Canada (Xtrata), and we support the request. However, KIA requests that lumber contaminated with oil and/or other hydrocarbons (e.g., lumber from workshops or other locations where spills may have occurred) should be excluded from materials that Xtrata burns openly.

The KIA would like to thank the NWB for the opportunity to comment on this file. Please feel free to contact us if you have any questions.

Sincerely,

Luigi Torretti, MSc, BComm Senior Environment Officer Kitikmeot Inuit Association
