Re: Preliminary Assessment of Road Route - BIPAR Road to Hackett River Camp

Dear Ms. Porter:

KIA would like to thank the Nunavut Water Board for the opportunity to provide comments on the preliminary road route assessment submitted by Sabina Silver Corp.

Based on the information collected in this preliminary assessment, KIA agrees *South Option 2* is the preferred route out of the three options assessed with respect to constructability potential, environmental considerations and road stability.

The KIA looks forward to future involvement in the review of detailed environmental assessments of the proposed routes to link the Hackett River Camp to the proposed BIPAR road.

Please contact us if you have any questions.

Sincerely,

Kevin Tweedle
Lands and Water Technician
