Resumption of operations at Hackett River (Hackett River Project)

NWB License 2BE-HAK1621
AANDC License N2013C0017
KIA License KTL310C005

Good morning,

This letter will serve to advise you that Glencore Canada Corporation (Glencore) will be resuming operations on or about September 8, 2016 for Hackett Camp (the 'Hackett River Project').

A maximum of 6 people will be on site. The camp will remain open for five days. Activities planned for this trip will include maintenance, environmental inspection, and drill sump reclamation. As per the terms of various licenses, best management practices will be applied.

We currently anticipate closing Hackett Camp on or about September 12th and will advise you of the date as we complete our program. This will be the last scheduled visit to site for 2016.

Should you have any questions or concerns, please do not hesitate to contact me at willowbrk@hotmail.com, 905-623-4930.

Best regards,

Rob Davidson
Site Manager Hackett River
