**Re: NWB2HAK0406 – Type “B”, an addendum to the Spill Contingency Plan, and the Abandonment and Restoration Plan, as requested in the license terms and conditions.**

Dear Ms. Phyllis Beaulieu,

In compliance with the request to provide NWB with an addendum to the Spill Contingency Plan, including the notification of DIAND Water Resources Inspector following the occurrence of any spill, the following Fuel Spill Contingency Plan as well as Appendix 1 and 2 are attached.

The updated list of MSDS sheets for camp includes several that haven't been updated in the last 3 years. The manufacturers of those products have been contacted to provide current MSDS sheets, which will be forwarded when received.

The Abandonment and Restoration Plan for the camp and associated exploration sites is also attached.

1. Fuel Spill Contingency Plan
2. Fuel Spill Contingency Plan Appendix 1
3. Fuel Spill Contingency Plan Appendix 2
4. Abandonment and Restoration Plan

Please call me at (604) 677 – 0669 if you have any questions or comments.

Yours truly,

Harvey Klatt, M.Sc., P.Geo.  
Hackett River Project Manager
