Re: Letter of Authorization – Dahrouge Geological Consulting Ltd. as Representative for Future Fuels Inc.

Dear Members of the Nunavut Water Board:

On behalf of Future Fuels Inc., I am writing to formally authorize Dahrouge Geological Consulting Ltd. to act as the designated representative and agent for Future Fuels Inc. in all matters relating to our application before the Nunavut Water Board.

This authorization extends to the full scope of the application process, including but not limited to the preparation, submission, and amendment of application materials; responding to information requests and technical reviews; participating in pre-hearing conferences, technical meetings, and public hearings; and engaging in correspondence and communications with the Board, its staff, intervenors, and other interested parties on our behalf.

Future Fuels Inc. confirms that Dahrouge Geological Consulting Ltd. is fully authorized to make representations on our behalf and that any submissions, undertakings, or commitments made by Dahrouge Geological Consulting Ltd. in connection with this application will be considered as having been made by Future Fuels Inc.

This authorization shall remain in effect until the conclusion of the application process, or until such time as the Nunavut Water Board is notified otherwise in writing by Future Fuels Inc.

Should you require any further information or clarification regarding this authorization, please do not hesitate to contact me directly.

Sincerely,

Robert Leckie

Chief Executive Officer
Future Fuels Inc.
