Dear Mr. Dwyer:
Re: 2BE-HCP---- new water license comments

Thank you for the opportunity to respond to questions and comments raised by reviewers to the application for a water license.

With respect to comments raised by Crown Indigenous Relations Northern Affairs Canada (CIRNAC), addressed to yourself on June 12, 2019. We would like to thank CIRNAC for their comments .

In response to comments raised by Fisheries and Oceans Canada (DFO), (DFO file # 19-HCAA-00683) the proponent commits to informing DFO should there be a change in plans that could result in serious risk to fish or fish habitat.

Lastly, with respect to Environment and Climate Change Canada (ECCC) 's comments, (ECCC File: 61000 000 192/001):

- 1) In-situ combustion of spilled petroleum products to snow and ice will be removed from the Spill Plan and this practise will not be used.

Should there be any further questions, comments or concerns, please do not hesitate to contact us.

Kind regards,

Garry Biles, P.Eng
