**RE: Diamondex Resources Ltd. Water Licences – NWB2BE-HEE0712
NWB2BE-PER0610**

Dear Ms. Beaulieu,

Diamondex Resources Ltd. has legally changed its name to Canterra Minerals Corporation and Anna North no longer is acting Lands Manager for the company.

As per your letters dated February 4th, 2010 indicating that the cancellation request for both the Peregrine and Heeqou project water use permits were denied, as directed Canterra Minerals Corporation submits the \$60.00 in outstanding fees.

It's our understanding that discrepancies were found in the Final Restoration Plan (FRP) submitted in May 2009 hindering the closure of the Heeqou license. We will address the items listed in the Water Use Inspection Report dated July 25th, 2009 to fulfill the requirements for abandonment and restoration under the water license.

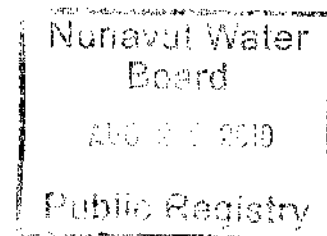

I will begin the process of collecting all of the relevant information needed to move both projects towards their completion beginning with Heeqou as it was stated that an inspector was to go out during the 2010 season.

Please do not hesitate to contact me should you have any further question regarding this payment or should you require any other additional documentation.

Sincerely,

Canterra Minerals Corporation

William S. Hay
Land Manager
