Re: NWB2HIG0305 – Water License Renewal
CC: Jack Kaniak – Lands Manager, Geoff Clark – Manager of Environment and Resource Development

Dear Phyllis,

KIA has received and reviewed the renewal application for a Type “B” water license for the High Lake Project. We realize that the camp and associated activities are expanding and at this time want to reiterate the importance of safety for both the environment and people on site. KIA encourages Wolfden to re-examine the layout of the camp to ensure maximum protection to employees and the surrounding area.

Sincerely,

Lynn C.
