Dear Ms. Beaulieu

Re: Zinifex Canada Inc. - 2BE-HIG0712 – High Lake Project Amendment 2 Application

The KIA has reviewed the Type "B" water licence amendment application submitted to the Board by Zinifex on June 9, 2008, for water use and waste disposal associated with exploration & camp activities for the High Lake Project, in the Kitikmeot region of Nunavut.

As Zinifex do not plan for any significant change in the current exploration activities permissible under the existing licence for this site, the KIA has no concerns with the proposed amendment of this licence to include additional claims for exploratory drilling, under the existing conditions and requirements.

Please feel free to contact me if you have any questions.

Sincerely,

Kevin Tweedle Environmental Technician Kitikmeot Inuit Association Mail: P.O. Box 360, Kugluktuk, Nunavut, X0B 0E0
