Resources Inc. – High Lake Project**

The 2008 Annual Report satisfactorily addressed a number of the requirements of Part B, Item 2 of the current water licence #2BE-HIG0712. However, it was noted that the following information was not provided in the 2008 Annual Report.

Part B: Item 2, (i): A summary report of waste disposal activities.

This information has been forwarded to our Field Operations Division.
