RE: NWB Technical Review of 2017 Annual Report for the High Lake Project; Water Licence No. 2BE-HIG1722

Dear Mr. Muraro:

The Nunavut Water Board (NWB) has completed a technical review of the 2017 Annual Report.

On April 23, 2018, the NWB acknowledged receipt of the Annual Report and provided it to the Kitikmeot distribution list for information. No comments have been received to date.

The technical review of the Annual Report found that the information provided addresses the requirements of the Licence.

The NWB strongly recommends that the Licensee address issues identified in 2017 by the Inspector¹. Please provide a brief summary of work done to address concerns or deficiencies listed in the inspection reports and/or compliance reports prepared by an Inspector or other parties in the 2018 Annual Report.

Should you have any questions, please feel free to contact us at (867) 360-6338, at your earliest convenience.

Sincerely,

Richard Dwyer
Nunavut Water Board,
Manager of Licensing
