Good Afternoon Sarah,

The Nunavut Water Board acknowledges receipt of the 2021 Annual Report for the 2BE-HIG1722 High Lake Project. Files have been saved in the NWB public registry and can be accessed at the following link below. As part of the Annual Report the Spill Contingency Plan and Abandonment and Restoration were also included.

<ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2B/2BE%20-%20Exploration/2BE-HIG1722%20MMG/3%20TECH/B%20GENERAL/2%20ANNUAL%20RPT>

In the current licence it states the Spill Contingency Plan and Abandonment and Restoration Plan should be submitted with the Annual Report for Board Approval. Could you advise the Board whether an Renewal Application will be submitted as the Licence expires August 3, 2022. If that is the case, we can send out the reports with the application for Board Approval. Also the application will need to go through NPC.

Regards,
Robin

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site, you may need to use Microsoft Internet Explorer or download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
