Dear Mr. Anablak,

Re: Land Use License KTL303C056 - Additional Drilling Targets and Cuttings Disposal for Regional Exploration

Miramar Hope Bay Ltd. (MHBL) has identified an exploration area additional to the 2007 Work Plan submitted to the KIA in February 2007. Please find enclosed with this letter: documentation to inform the KIA of MHBL's plan for cuttings disposal and water sources in the area, as well as a cheque in the amount of \$50.00 to cover the land use fees for the four additional drill holes.

These documents have been sent to you via email and will be posted for delivery to your office this week. If you have any questions or concerns regarding this submission, please contact me at the telephone number listed above, or e-mail me at tmaloof@miramarmining.com. Thank you for your assistance in this matter.

Yours truly,
