Hope Bay Exploration Project

Application for Renewal of Water Licence 2BE-HOP1222

Agnico Eagle Mines Limited holds mineral properties on which activities are authorized by various authorizations. The water licence 2BE-HOP1222 lists the terms and conditions for the use of water and the management of waste in conducting mineral exploration activities on the Hope Bay Belt. The present application is to obtain the renewal of the water licence 2BE-HOP1222 and to update some conditions as some activities are now managed under the water licence 2AM-DOH1335.
