Dear Mr. Hohnstein,

Re: Water License: NWB1BOS0106 Spill Contingency Plan

Please find enclosed the revised Spill Contingency Plan as required under water licence NWB1BOS0106. Although this plan is submitted primarily to meet the requirements of the Boston water licence, the Board should be aware that the plan is being applied to all MHBL activities in the Hope Bay belt. I apologize for sending in numerous files, however; we can provide hard copies and a CD version if requested.

If you have any questions related to this matter, please do not hesitate to contact the undersigned on the above numbers or 1-780-975-2550, or you can contact me by e-mail at hugh_r_wilson@hotmail.com; or hwilson@miramarmining.com. You can also contact our Senior Environmental Coordinator, Matthew Kawei on 604-677-0618 or 604-677-0671 or on e-mail: mkawei@miramarmining.com ; or enviro_matt@hotmail.com.
