NWB File No: NWB2HOP0002

To: Distribution List

A letter was previously sent to the distribution list on **June 30, 2000** with regards to an application from Hope Bay Gold Corporation Inc., for an amendment to water permit NWB2HOP0002 to allow for changes to the sewage and greywater handling and treatment. This letter was incomplete as it was only sent to a partial distribution list. It included the executive summary in both English and Inuktitut and an application form, but didn't include the map as we had not yet received the map at that time. Parties not included on that distribution list will receive the documents with this letter. I would like to apologize for the confusion in the July 25th letter with regards to the map and MSDS sheets, as the map is being faxed with this letter and as there are no MSDS Sheets.

The deadline for comments is still August 5, 2000.

Sincerely,

Rita Becker
Licensing Administrator
