Subject: Re: 2BE-HOP0712 Notice of Discharge from HOP-6
Date: Thursday, July 07, 2011 5:24:00 PM

Christine,

Base on the results provided by Newmont, INAC has no issues with the discharge of water from the patch lake tank farm (HOP-6). However, please make sure that the discharge is done in such a way that limits the amount of erosion, as well as providing the volume of water released in your monthly report.

Thank you,
Ian

Dave and Ian,

Enclosed is a letter from HBML requesting permission to dewater the former Patch Lake tank farm area (HOP-6).

If you would like to discuss any issues relating to this request, please let me or Chris Hanks know as Angela and Lea-Marie are on holidays this week.

Thank you,
Christine Kowbel
