Hey Jim,

Lonnie has reviewed a bunch of file but has no time to formally respond to the Board. DFO has no concerns regarding the following files:

NWB3GJO - water licence renewal
 NWB1NAN0208 - proposal to utilize underground mine for disposal of water
 → NWB2HOP0207 - Request for Review
 NWB5DYE - water use and waste disposal
 NWB3RAN0207 - minor design changes to solid waste site

I did not see anything on the NWB3CHE Chesterfield Inlet file. Perhaps give Lonnie a shout sometime after the 24th when he returns to Iqaluit and see if he can help you out in clearing up concerns about the other NWB file he has worked on.

I hope this is of some help to you.

Cheers,

Stephanie
