Re: Revised Spill Contingency Plan for 2AM-DOH1323, 2BB-BOS1217 and 2BE-HOP1222

Dear Ms. Beaulieu,

Please find enclosed TMAC Resources Inc.'s (TMAC) revised Spill Contingency Plan. This plan covers activities under licences 2AM-DOH1323, 2BE-HOP1222, and 2BB-BOS1217. This update was undertaken to principally satisfy Part I Item 1 of licence 2AM-DOH1323:

The Board has approved the Plan entitled "Hope Bay Mining Ltd. Spill Contingency Plan HB-ER-ENV-MP-001 (REV 5)" dated October 2012 for use during Care and Maintenance. An updated Plan is required under the Assignment issued June 18, 2013, to reflect the change in ownership of the Project. Any change in the status of the Project and operations will require a review and resubmission as per Part B, Item 6.

This revision of the plan reflects the change in ownership of the Project and has updated the spill response procedures, roles and responsibilities, contact information, and fuel storage information.
