**Re: January 2025 – Monthly Monitoring Report for Water License 2BE-HOP2232**

---

This report is comprised of monitoring requirements as set out in Part J, Items 2 through 8, and 10 of water license 2BE-HOP2232. Some monitoring requirements stipulated in this license refer to facilities that have not been constructed, facilities that no longer exist, or facilities where activity is seasonal. Water levels in Windy Lake will be monitored in accordance with Part J, Item 9 during the open water season. Sampling locations monitored under this license (seasonally or when facilities are operational) are provided in Figure 1 at the end of this report.

During the period of this report, the focus of activities under the Windy Regional Exploration license was on-land and on-ice surface exploration drilling, water management and environmental compliance.

**Part I Conditions Applying to Abandonment and Restoration**

No abandonment or restoration work was conducted during the month.

**Part J Items 2, 3, 4, 5, 6, 10: Sewage Treatment Effluent, Bulk Fuel Containments, and Quarries**

Windy Camp has been closed for operations since October 23, 2008 and New Windy Camp has not been constructed. Therefore, the license requirements relating to the Wastewater Treatment Facility (HOP-2 and HOP-3) are not applicable at this time. HOP-5 (Bulk Fuel Storage – Windy Camp) and HOP-6 (Bulk Fuel Storage Facility – Patch Lake) were dismantled in 2012. HOP-8 (Bulk Fuel Storage Facility at New Windy Camp) has not been constructed.

Water quality sampling and management was not required at HOP-7A, B or D (quarries A, B and D) as no discharge of water occurred from these areas this month.

**Part J Item 7: Under-Ice Drilling Samples**

Under-ice water quality sampling was conducted this month prior to on-ice surface exploration drilling. Results for the monitoring samples are provided in Appendix B, submitted with this report.

**Part J Item 8: Water Use Volumes**

Geographical locations for all water sources and usage are maintained on file. All usage from water sources during the month were metered at the source. Daily water usage for the month is presented in Table 1.

**Table 1: Daily water usage in cubic meters, January 2025.**

| Date          | Regional Water Usage<br>(m3) |
|---------------|------------------------------|
| 1-Jan         | 0.00                         |
| 2-Jan         | 0.00                         |
| 3-Jan         | 0.00                         |
| 4- Jan        | 0.00                         |
| 5- Jan        | 0.00                         |
| 6- Jan        | 0.00                         |
| 7- Jan        | 0.00                         |
| 8- Jan        | 0.00                         |
| 9- Jan        | 2.55                         |
| 10- Jan       | 7.13                         |
| 11- Jan       | 248.57                       |
| 12- Jan       | 107.76                       |
| 13- Jan       | 9.61                         |
| 14- Jan       | 283.08                       |
| 15- Jan       | 283.47                       |
| 16- Jan       | 283.03                       |
| 17- Jan       | 283.22                       |
| 18- Jan       | 283.62                       |
| 19- Jan       | 283.38                       |
| 20- Jan       | 283.47                       |
| 21- Jan       | 283.72                       |
| 22- Jan       | 15.46                        |
| 23- Jan       | 283.12                       |
| 24- Jan       | 283.83                       |
| 25- Jan       | 283.92                       |
| 26- Jan       | 283.70                       |
| 27- Jan       | 283.02                       |
| 28- Jan       | 283.34                       |
| 29- Jan       | 283.05                       |
| 30- Jan       | 283.71                       |
| 31- Jan       | 283.95                       |
| Monthly Total | 5209.71                      |
| Annual Total  | 5209.71                      |

Water quality monitoring results and volumes extracted from the Windy Lake freshwater intake (HOP-1) for domestic, industrial, dust suppression and winter tracks are presented in the monthly monitoring report for license 2AM-DOH1335, Schedule I for Station ST-7A.

## **Incident Reporting**

No incidents occurred during January 2025.

Should there be any questions regarding this monthly report, please contact me at [jason.inkster@agnicoeagle.com](mailto:jason.inkster@agnicoeagle.com).
