This letter also authorizes Sharleen Hamm of Sharleen Hamm Consulting Ltd. to represent Blue Star's interests in matters pertaining to water licencing. Ms. Hamm can be reached at 604-996-1110 or via email at sharleen@sharleenhamm.com.

Further to your meeting with Ms. Hamm in Iqaluit in April 2019, we respectfully request that the Nunavut Water Board (NWB) commence your internal review prior to the Nunavut Impact Review Board's (NIRB) issuance of their Screening Decision Report (SDR), and that the NWB commences the public review of the application as soon as possible following issuance of the SDR, so that Blue Star may commence activities under the amended licence this summer. Note that the public comment period for the NIRB screening of the application ends on May 14, 2019, and issuance of the SDR is expected soon thereafter.

Should you have any questions about the project or the application, don't hesitate to contact myself or Sharleen, as needed.

Regards,

Peter Kuhn
General Manager
Blue Star Gold Corp.
