Dear Mr. Dwyer:

**Subject: Comment Request for the Hood River Project Type B Water Licence
Renewal & Amendment**

The Fisheries Protection Program (the Program) of Fisheries and Oceans Canada received the Hood River Project proposal for a Type B Water Licence Renewal and Amendment for Blue Star Gold Corp on June 17, 2019.

The proposal has been reviewed to determine whether it is likely to result in serious harm to fish which is prohibited under subsection 35(1) of the *Fisheries Act* unless authorized. The proposal has also been reviewed to determine whether it is likely to affect listed aquatic species at risk, any part of their critical habitat or the residences of their individuals in a manner which is prohibited under sections 32, 33 and subsection 58(1) of the *Species at Risk Act*, unless authorized.

Additional information regarding the specific location, depth, and volume of each source waterbody to be used for camp/municipal and industrial purposes, is required in order to properly assess potential impacts to fish and fish habitat.

If you have any questions please contact Sara Eddy at our Burlington office at 905-336-4535 or by email at Sara.Eddy@dfo-mpo.gc.ca.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'S Eddy', with a stylized flourish at the end.

Sara Eddy
Team Leader, Triage and Planning
