**Subject: Licence No. 2BE-HRP1419 – Submission of 2016 Annual Report for the Hood River Project**

---

Dear Mr. Goad:

The Nunavut Water Board (NWB or Board) has completed its review of the 2016 Annual Report (Report) submitted on November 7, 2016, by WPC Resources Incorporated / Inuksuk Exploration Inc., to fulfill relevant requirements in Licence No. 2BE-HRP1419 (Licence) issued to the Hood River Project, an exploration project located approximately 200 kilometres southeast of Kugluktuk, in the Kitikmeot Region of Nunavut.

The review determined that the Report is generally complete and consistent with the reporting requirements under Part B, Item 2 of the Licence. The Board notes that no on-site activities were conducted during the reporting period: therefore, no waste was deposited or water used over the same period.

Copies of the Report, which the Board distributed publicly for information purposes on November 8, 2016, and other documents pertaining to the file and Licence can be accessed through the NWB's Public Registry and FTP site using the following link:
