2BE-HUC---- New Water Licence Application

Epp-Martindale, Jessica <Jessica.Epp-Martindale@dfo-mpo.gc.ca>
To: Richard Dwyer <richard.dwyer@nwb-oen.ca>

Thu, Jun 21, 2018 at 11:06 AM

Good Afternoon Mr. Dwyer,

DFO has reviewed the documents available for new water licence for the Huckleberry Exploration Project. In order to comment on the impact to fish and fish habitat DFO would need more information. The following items are needed to assess the impacts:

- Location and names of waterbodies where water taking will occur; and
- Total volume and/or instantaneous flow measurements for the waterbodies/watercourses from which the water will be taken.

Kind Regards,

Jessica Epp-Martindale

Fisheries Protection Biologist

Fisheries and Oceans Canada

Fisheries and Oceans Canada has changed the way new project proposals (referrals), reports of potential *Fisheries Act* violations (occurrences) and information requests are managed in Central and Arctic Region (Alberta, Saskatchewan, Manitoba, Ontario, Nunavut and the Northwest Territories). Please be advised that general information regarding the management of impacts to fish and fish habitat and self-assessment tools (e.g. Measures to Avoid Harm) that enable you to determine *Fisheries Act* requirements are available at DFO's "Projects Near Water" website at www.dfo-mpo.gc.ca/pnw-ppe/index-eng.html. For all occurrence reports, or project proposals where you have determined, following self-assessment, that you cannot avoid impacts to fish and fish habitat, please submit to fisheriesprotection@dfo-mpo.gc.ca. For general inquiries, call 1-855-852-8320.
