## Technical Memorandum

### **A) Results of Review**

CIRNAC has completed a review of the above and is generally satisfied with the application and therefore has only one general comment.

CIRNAC would like to remind the applicant that they are required to get approval from all landowners before using the identified winter road/trail proposed in the water licence application.

In reviewing the documentation CIRNAC understands that some of the winter road/trail will be on crown land and therefore CIRNAC advises the applicant to contact the lands division of CIRNAC.

Please contact Tracey Mccaie, Manager of Lands at 867-975-4280 or [tracey.mccaie@canada.ca](mailto:tracey.mccaie@canada.ca) for any information in regards to land authorizations.
