Good morning Ms. Salter,

Re: Conformity Review for Itchen Lake Property Project

Thank you for your email.

Based on the information contained in your email below the Nunavut Planning Commission (NPC) has determined that the proposed project as described is located outside the boundaries of the two approved land use plans currently administered by the NPC.

No further review is required by the NPC at this time.

Please contact me should you have any questions.

Sincerely,

Christopher

Subject: NPC_ Land Use Conformity Plan _not required question.

Hello Brian and/or Christopher,

I am contacting you on behalf of my company APEX Geoscience Ltd., with regards to our client's exploration project in the Kitikmeot region, the Itchen Lake Property Project . I believe it does not fall under NPC

planning areas or borders and would like to clarify the validity of that assertion. If the project does in fact fall within land use planning areas, then which area does it fall under? See attached map and coordinates provided below.

If the project does not fall within land use planning areas we need to provide other Nunavut regulating bodies written confirmation from the NPC stating that a land use plan conformity review is not required.

The project extents within NU are approximately (*See attached map*):

NW: Latitude: (65°42' 24" N) Longitude: (112 °29 '32 " W)
NE: Latitude: (65 ° 42' 14" N) Longitude: (111° 59 ' 48" W)
SE: Latitude: (65 ° 33 ' 59 " N) Longitude: (112° 42 ' 53 " W)
SW: Latitude: (65 ° 35 ' 5" N) Longitude: (112 ° 46 ' 27" W)

Thank you for your help,

Kathryn
