RE: ITCHEN LAKE PROPERTY (2BE-ILP----)

Dear Mr. Mourre,

I am the Water Resources Officer with Aboriginal Affairs and Northern Development Canada (AANDC) for the Kitikmeot Region of Nunavut. I am appointed under the *Nunavut Waters and Nunavut Surface Rights Tribunals Act* to ensure compliance with Water Licences issued by the Nunavut Water Board (NWB), and with the Act.

I was working in the vicinity of the Itchen Lake Property proposed camp location in July, and took the opportunity to visit the site. As you are aware, the proposed camp location was used historically, and so it is useful to have knowledge of the condition of site in case there are any legacy issues.

As you will see in the attached photos, there are no issues of legacy contamination or waste that are of concern. No action is required as a result of this report. I look forward to working with you in the future as this project develops.

Regards,

Eva Paul
