RE: Request for Annual Report for MMG's 'Izok and Hood' project

Dear Sahba Safavi:

Please be advised that Section 12.7.1 (b) of the Nunavut Land Claims Agreement (NLCA) states:

"a recommendation of Nunavut Impact Review Board (NIRB) pursuant to a 12.4.4 (a) may provide for the establishment of a monitoring program for that project which may specify responsibilities for the proponent, NIRB or Government."

Further, Section 12.7.3 (a) of the NLCA states:

Without limiting the generality of Section 12.7.2, the monitoring program set up pursuant to that section may include:

"a requirement that regulatory agencies and the proponent supply NIRB with reports and information respecting project operations and impacts, and the implementation of mitigative measures."

According to the terms and conditions contained in the NIRB's original Screening Decision Report issued on September 19, 2006 (re-issued March 22, 2010 with additional terms and conditions) for the Izok and Hood project, Minerals and Metals Group (MMG; formerly OZ Minerals) is to submit an Annual Report to the NIRB no later than January 31st of each year starting January 31, 2007. At this time, the NIRB has not yet received MMG's annual report for the Izok and Hood project for the 2007 - 2011 reporting period.

MMG is advised to refer to the terms and conditions issued within the Screening Decision Report (attached) regarding the submission of your Annual Report. The NIRB is requesting this information by June 23, 2011.

Please submit all forthcoming information to the NIRB at info@nirb.ca.

Sincerely,

Sophia Granchinho Technical Advisor Nunavut Impact Review Board
