Re: NWB2JAC0406 - 2004 Annual Report

On behalf of Indian and Northern Affairs Canada (INAC), I would like to thank the Nunavut Water Board (NWB) for the opportunity to provide comments on the 2004 Annual Report for the exploration site on Jackson Inlet, NU. The report presented was prepared by Dalmin Corporation on behalf of Twin Mining Corporation (the Licensee), as per the requirements of Part B.1 of water licence NWB2JAC0406 (the current licence).

In consideration that no water was used for, or affected by, exploration activities of Twin Mining Corporation in 2004, a detailed Annual Report was not submitted. It is our understanding, from the letter submitted in lieu of the Annual Report, that the NWB agrees that the letter will be sufficient. As activity is expected to resume in July-August, we look forward to reviewing the 2005 Annual Report.

If you have questions or concerns, please do not hesitate to call.

Best regards,
