The 2008 Annual Report satisfactorily addressed a number of the requirements of Part B, Item 2 of the current water licence # 2BE-KAZ0609. However, it was noted that the following information was not provided in the 2008 Annual Report.

Part B: Item 2, (iii): An up-to-date copy of the Spill Contingency Plan

Part B: Item 2, (iv): A description of all progressive and or final reclamation work undertaken, including photographic records of the site conditions before, during and after completion of operations;

This information has been forwarded to our Field Operations Unit
