Hi Everyone

On behalf of Aurora I would like to give you all an update for the Baker Lake mineral exploration program.

We have re-evaluated our 2009 programs and decided not to explore on the BLB Property. We are interested in the property and may be back in the future.

The land use inspectors (see attached) were advised on July 15th that we will be demobilizing the drill rig, associated equipment and fuel from our exploration sites.

Please note that the final abandonment and restoration of the exploration activities will be completed before Land Use Permit # N2006J0017 expires on August 10th, 1020.

Please do not hesitate to contact me at the address below.

Thank you for your help and patience in this matter.

Sincerely
Steve
