Nunavut Planning Commission
P.O. Box 2101
Cambridge Bay, Nunavut
XOB OCO

Dear Sir / Madame

Dunnedin Ventures Inc currently holds a Class 1 Land Use Licence (KVL115B02) from the Kivalliq Inuit Association (KIA) and a Class A Land Use Permit (N2015C0019) from Aboriginal Affairs and Northern Development Canada (AANDC). With an increase in the proposed land use activities on the Kahuna Diamond Project for 2016; Dunnedin Ventures Inc is submitting a permit application for a Class III Land Use Licence to the KIA and an amendment to the company's current Class A Land Use Permit with AANDC. A component of the 2016 field program includes diamond drilling and as such Dunnedin Ventures Inc will be submitting an application to the Nunavut Water Board for that purpose.

Included with this submission is the following:

- 2015 Annual Land Use Report.
- Appendix A: Detailed Project Description and Work Plan for 2016.
- Appendix B: Non Technical Project Summary (English).
- Appendix C: Abandonment and Restoration Plan.
- Appendix D: Environment and Wildlife Management Plan.
- Appendix E: 2015 Community Consultation.
- Appendix F: Spill Prevention and Response Plan

I hope all is in order and look forward to hearing from you. Please contact the undersigned with any questions regarding this package at (604) 681 0209 or at kemp_656@hotmail.com.

Best regards

Rick Kemp P.Geol.
Project Manager
Dunnedin Ventures Inc.
