Hello Mr. Kemp,

We have received your credit card information from the Nunavut Water Board for the payment of administration and water use fees for licence 2BE-KDP----. We have not yet processed the payment because of different company names.

In the Water Board's letter addressed to you, the company name was Dunnedin Ventures Inc. with an address in Vancouver. This does not match the company name we received with the credit card information, which was North Star Geological Services.

I have contacted the Water Board and the person who processed the file is on leave so I thought it might be more expeditious to ask you if you have any knowledge why there are two different companies and if their addresses are the same.

Regards,
Sarah
