**Re: Kahuna Camp Use Authorization for Solstice Gold Corp.**

Through a Plan of Arrangement and corporate spinout by Dunnedin Ventures Inc. ("Dunnedin"), a newly formed company, Solstice Gold Corp. ("Solstice"), has acquired specific mineral title to, and the right to explore for gold on the Kahuna Property. Going forward, exploration by both Dunnedin and Solstice will be based out of the co-owned Kahuna Camp.

This letter provides notice that Dunnedin authorizes Solstice to use and operate exploration programs from the Kahuna Camp located at UTM 575,940mE 6,990,898mN (Nad83 Zone 15) on claim number K90309 (KH 46) in accordance with the terms and conditions of CIRNAC LUP N2015C0019 and NWB water licence 2BE-KDP1722, issued to Dunnedin.

All activities at the Kahuna Camp by Solstice employees, contractors, agents or visitors will be conducted as per the terms and conditions in CIRNAC LUP N2015C0019 and NWB water licence 2BE-KDP1722, including any terms and conditions issued in relevant permit or licence revisions and renewals.

Please do not hesitate to contact me should further information be required.
