Subject: Licence No. 2BE-KIG1318 – Submission of 2013 and 2014 Annual Reports for the Kiggavik Project

Dear Mr. Forseille:

The Nunavut Water Board (NWB or Board) has completed its review of the 2013 and 2014 Annual Reports and supporting documents (the Reports) submitted by AREVA Resources Canada Inc. on February 18, 2014 and January 29, 2015, respectively, for the Kiggavik Project, a uranium exploration project located approximately 80 kilometres west of Baker Lake, in the Kivalliq Region, Nunavut.

The review determined that the Reports are generally complete and consistent with the reporting requirements under Part B, Item 2 in Licence No. 2BE-KIG1318 and relevant amendment(s).

Copies of the Reports, which were distributed publicly for information shortly after receipt, in addition to all non-confidential information associated with the Licence, can be accessed through the NWB's public registry and File Transfer Protocol (FTP) site using the following link:
