Subject: Spill Reporting

Greetings all,

AREVA is currently in the annual review and update process regarding the Spill Contingency Plan for the Kiggavik Project.

INAC Land Use Permit N2006C0037
KIA Land Use Licence KVL306C02
NWB Licence No 2BE-KIG0708

In regards to spill reporting, AREVA has identified the requirement to notify the 24-hour spill line within 24 hours of a spill and as soon as safe to do so.

This verbal report will be followed by a written report (spill report form), to be submitted to your agencies within 7 calendar days. Does this reporting suffice each of you or does your respective agency also wish to be notified verbally within 24 hours?

Please advise.

Thank you

Tina Hessdorfer, B.Sc
