Conformity Review – Amendment Application**

The Nunavut Water Board received an amendment application on June 18, 2008 from Areva Resources Canada Inc. for an increase in water quantity associated with the Kiggavik/Sissons Project in the Kivalliq region. This application is deemed a “project proposal” under the NLCA and is subject to the provisions of Article 11,12, and 13 of the NLCA. Please note that this file received a positive conformity on April 29, 2008 for a renewal license.

In accordance with S.11.5.10 of the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada*, this project proposal shall be reviewed by the Nunavut Planning Commission to determine conformity with an approved land use plan, before it can be processed by the Nunavut Water Board.

The application documents are available through the internet on our ftp site at the following link: <ftp://nunavutwaterboard.org/> in the folder “2BE – EXPLORATION/2BE-KIG/2008 Amendment 1.”

Upon completion of the review, please forward the project proposal with your determination and any recommendations to the Nunavut Impact Review Board, in accordance with Article 12, and to our office or other appropriate federal or territorial agencies as required. The Nunavut Water Board would appreciate receiving a copy of any correspondence that would indicate the status of the conformity determination.

Sincerely,
