RE: NWB Technical Review of 2021, 2022 and 2023 Annual Reports for the Kiggavik Project; Water Licence No. 2BE-KIG2328

Dear Ms. Forseille and Ms. Jackson,

The Nunavut Water Board (NWB or Board) has completed a technical review of the 2021, 2022 and 2023 Annual Reports from Orano Canada Inc. for the Kiggavik Project located in the Kivalliq Region of Nunavut.

On January 4, 2024, the NWB acknowledged receipt of the Annual Report and provided it to the Kivalliq distribution list for information. No comments or concerns have been received to date.

The technical review of the Annual Report, found that the information addresses the requirements of the Licence. The Board understands that no field work or exploration activities were conducted in the years 2021, 2022 and 2023. The project continues to be in care and maintenance with a site inspection planned in 2024. No submissions are required at this time.

Should you have any questions, please feel free to contact the undersigned at (867) 360-6338 (extension 33) or ali.shaikh@nwb-oen.ca, at your earliest convenience.

Sincerely,

Mohammad Ali Shaikh
Nunavut Water Board,
Technical Advisor
