RE: Licence No. 2BE-KIG0812 Type “B” – Amendment No.4

Dear Ms. Sarauer:

On April 1, 2010 the Nunavut Water Board (NWB or Board) distributed the approved Amendment No.4 application which allowed for geotechnical drilling at a proposed bridge crossing across the Thelon River. As you may be aware the Nunavut Impact Review Board (NIRB) submitted an email to the NWB on November 29, 2009 requesting the Amendment No.4 application be placed on hold until NIRB could provide a decision under Section 12.10.1 or Section 12.10.2 of the Nunavut Land Claims Agreement. Due to an internal error, the Amendment No.4 was approved without a decision by the NIRB.

In light of this error, the Board has rescinded its prior approval of the Amendment No.4 under motion number 2010-04-L01. The NWB apologizes for any inconvenience this rescinding has caused AREVA Resources Canada Inc.

The Amendment No.4 application will remain open and be placed on hold until such a time that the NWB is in receipt of a decision from NIRB or the Licensee requests cancellation of the application.

Should you have any questions with regard to the above, please contact the undersigned at (876) 360-6338 ext. 30 or by email to dcarr@nunavutwaterboard.org.

Regards,
