**RE: REQUEST FOR RENEWAL OF WATER LICENCE #NWB2KIK**  
**(Water Use on Kikerk Lake Property)**

Please accept this letter as a formal request for an extension of the above licence, which took effect on 06 August, 1997 and will expire on 18 June, 1999.

Monopros also has applied for extension of its INAC Land Use Permit #N97C753, which also will expire on 18 June.

No work has occurred on the Kikerk property since 1997. That year, two helicopter-borne geophysical surveys were flown and a small till-sampling programme conducted. No camp has been established to date, as the property was served from the existing Monopros camp near Rockinghorse Lake, 130km to the southeast. Monopros may choose to conduct further exploration on its remaining Kikerk claims, in conjunction with future work at Rockinghorse, and thus would like to request an extension of its water authorisation.

You will be notified in advance, should a programme be planned on Kikerk this season.

Thank you for the opportunity to make this request. Please contact me if you have any questions.

A handwritten signature in dark ink, appearing to be "SP" or similar initials.
