RE: FINAL LAND USE PLAN: PERMIT #N97C753
(KIKERK LAKE PROJECT, NUNAVUT)

Please find accompanying my Final Land Use Plan for the above Class A Land Use Permit, which expired on 30 August, 2000.

Also please note that Monopros Limited underwent a name change on 02 October, and now is known as "De Beers Canada Exploration Inc." Our e-mail addresses shall be changing, and you will be notified when this occurs.

The Kikerk Lake diamond exploration project, known to local Inuit as "Kikkiktalik ", remains active, and thus a new land-use permit will be sought in the near future. It should be noted that this project is on Crown land, and does not involve access to Inuit-Owned Lands.

The final report also is applicable to Nunavut Water Licence #NWB2KIK, which was superseded this year by #NWB2KIK0002.

I thank you for the opportunity to provide this plan.

This letter is being copied to INAC's Kitikmeot District officer in Kugluktuk, the Nunavut Water Board, the Nunavut Impact Review Board and the Kitikmeot Inuit Association, for their information.
