---

Karen:

Sorry for this. We are looking at 22 land based drill tests. If you need anything further, please let me know.

Cheers,  
Quinton Hennigh

Hi Quinton,

I am currently processing your water licence application. The application's Project Description mentions **24** drill holes programmed for 2011. However, the figure 2 attached to the Project description and the Executive Summary indicate that planned work for 2011 is a diamond drilling of **22 land based targets**.

Can you please confirm that your drilling programm (22 or 24?) will only be land based?

Regards,

**Karén Kharatyan**, Ph.D
