Dear Robin Ikkutisluk,

RE: EXTENSION OF WATER LICENCE 2BE-KLG116

Please accept the attached submission as a request by Northern Empire Resources Corp. (Northern Empire) for an extension to water licence 2BE-KLG116 which currently expires June 10, 2016. Although no field work is planned at the time, the Company would like to keep its water licence in good standing so that they can commence working on the Property once market conditions improve. Northern Empire is currently applying to INAC for an extension to Land use permit N2011C0011

Included with this letter are the following documents:

Water Licence Extension Application
Project description (2013)
Executive summary (English and Inuktitut)
NPC Review of Project Proposals by the Nunavut Planning Commission Letter
Notice of Indication from NIRB
Current financial statement
Community consultation log
Kiyuk Lake restoration costs
British Columbia company name change certificate
Nunavut company name change certificate
Company Certificate of Incorporation
List of property studies and associated reports
Topographic map of Property and areas of interest
Map of water source
